BANK DRAFT PROCEDURES

Draft First Premium Once Policy is Approved:

- 1) Complete a Bank Draft Authorization found at the top of Form No. 9903 and send in with the application. Please specify a Requested Draft Date, if a specific one is desired.
 - (a) Once the application is approved, the first premium will be drafted upon the date specified. Or if no date is specified, the draft will occur on the day the policy is approved.
 - (b) The initial draft cannot occur more than 30 days after the date the application was signed.
 - (c) Drafts cannot be on the 29th, 30th or 31st of the month.
- 2) A copy of a void check or deposit slip should accompany the application any time that one is available. If one is not available, then we highly recommend that you also complete the Bank Account Verification section of Form 9903 and submit it along with the application. This helps to ensure the accuracy of the account information and reduces the occurrences of returned drafts. (If a client only uses a debit or check card instead of actual checks, locate a bank statement to obtain the actual account number. DO NOT use the number found on the card.) Green Dot Bank (and other pre-paid cards) not accepted.

Immediate Draft for Cash with Application (CWA) using E-Check:

- 1) To bind coverage IMMEDIATELY, you may use the E-Check option. If this option is selected, you must complete the E-Check section of Form 9903 in addition to items 1 & 2 listed above.
 - (a) The E-Check section of form 9903 (found at the bottom of the form) authorizes the Company to immediately draft for the 1st premium upon receipt of the application. Submit this form along with the application.
 - (b) When the application is approved, the initial premium will be applied to pay the first premium. Future drafts will be based on the next premium due date and the requested draft day (if one is provided).

OPTION FOR DRAFTS TO COINCIDE WITH RECEIPT OF SOCIAL SECURITY PAYMENTS

Most people today are receiving their Social Security payments on either the 1st or 3rd of the month, or the 2nd, 3rd, or 4th Wednesday. If you have clients receiving their payments under this scenario and they would like to have their premiums draft on these same dates, please follow the instructions below:

- Check **'Yes'** to the "Would you like your draft to coincide with your Social Security payment schedule?" question on the **Bank Draft Authorization Form No. 9903**.
- Provide the applicant's requested draft day by checking one of the options listed below on the 9903 form.
 - If payments are received on the **1st or 3rd** of the month, check "**Requested Draft Date, If Any (1st-28th)**" and list either **the 1st or the 3rd** in the space provided.
 - If payments are received on the **2nd Wednesday** of the month, check the "**2nd Wednesday**" box provided.
 - If payments are received on the **3rd Wednesday** of the month, check the "**3rd Wednesday**" box provided.
 - If payments are received on the **4th Wednesday** of the month, check the "**4th Wednesday**" box provided.
- The "**Policy Date Request**" field on the front of the application should not be completed as the actual Policy Date will be assigned by the Home Office once the application is received.

When you follow the steps provided above at point of sale, our office will have the necessary information needed to process the premium draft to coincide with your client's Social Security payment schedule. The procedure is just that simple. The rest of the application paperwork is completed in the normal fashion. Also, you still have the option of requesting immediate drafts for CWA; just follow the normal procedures for doing so.

SPEED UP YOUR TURNAROUND TIME!

Practice these simple guidelines

The HOME PROTECTOR plan is issued Standard for applicants who would normally be considered up to table 4 by most underwriting standards today. Applicants who are considered high risk or declinable should not be sent to our Company for consideration.

BEFORE asking any health questions stress the importance for 'truthful and complete' answers, including tobacco usage that will 'match' information already in the applicant's medical records, national prescription database, MIB, etc.

If applicant answers "YES" to any health question, such as High Blood Pressure, Cholesterol or Diabetes get full details. Ask the following information: age at onset, name all medications, applicant's last reading and how often the problem is checked, name of doctor treating condition, date last seen, etc. THE MORE COMPLETE INFORMATION you can provide on the application significantly REDUCES the need to order medical records or an interview ...and speeds up issue time!

PRACTICE GOOD FIELD UNDERWRITING OR...

An agent with a history of submitting applications with Non-Admitted medical information will likely receive special attention when their applications are reviewed by the Underwriting Department. That agent's applicants will receive a phone interview and/or medical records will be requested until the underwriters believe that agent has corrected their field underwriting problems.

Agents need to stress to the Proposed Insured the necessity for complete and truthful answers to all questions on the application before asking the health questions, including tobacco use.

HOME PROTECTOR MEDICAL IMPAIRMENT GUIDE

Underwriters will try to evaluate the risk as quickly as possible, so the following factors are essential:

- **Good Field Underwriting** – Carefully ask all of the application questions and accurately record the answers.
- **Client Honesty and Cooperation** – Underwriting relies heavily on the application; therefore, complete and thorough answers to the questions are necessary. Please stress this and prepare the Proposed Insured for an interview, if required based on age and face amount. The interview will be brief, pleasant, and professionally handled.

The Medical Impairment Guide has been developed to assist you in determining a Proposed Insured's insurability. This Guide is not all-inclusive. Underwriting reserves the right to make a final decision based on all factors of the risk. If you have any questions about medical conditions not listed here, please call or email (underwriting@aatx.com) the Underwriting Department.

PRESCRIPTION REFERENCE GUIDE

Where medications that can be used for more than one condition exist, the alternate uses and appropriate level of coverage have been indicated.

If a timeframe appears in the "RX FILL WITHIN" column, this indicates that the drug was prescribed within the period noted. For those conditions, the timeframe impacts the Underwriting decision. If "N/A" appears in this column, then the Underwriting decision will be the same regardless of when the medication was prescribed.
